ProDen PlaqueOff® Soft Chews

Our new ProDen PlaqueOff® Soft Chews combine exceptional oral hygiene benefits with an irresistibly delicious treat-like experience. With their unique formulation, these soft chews are designed to tackle plaque and tartar buildup, freshen breath, and promote healthier teeth and gums.

-  100% Efficient
-  Natural
-  Clinically Proven

How ProDen PlaqueOff® Soft Chews works

The specially selected seaweed A.N ProDen® works through the saliva where it softens existing tartar and prevents new plaque from forming.

Results:

The results - in the form of visibly whiter, cleaner teeth and fresher breath - are usually seen in three to eight weeks with continued use. The effect can be seen as long as the products are being used. Our Dental Care Bones can be used daily with ProDen PlaqueOff® Powder or on their own.
