ProDen

PlaqueOff®

The story of ProDen PlaqueOff® begins in the 70's when the Swedish dentist Sune Wikner discovered that one of his patients, who previously suffered from chronic tartar formation, suddenly appeared with greatly improved oral health. After some research he identified a connection between the specific algae which his patient consumed regularly, and greatly improved oral health. The connection reappeared with a dog that had been fed pet food containing the algae. This led to the start of the company Swedencare and the product ProDen PlaqueOff®.

The active ingredient in ProDen PlaqueOff® - A.N ProDen™ - is a 100% natural, organic and unique kelp, sustainably harvested from specially selected locations in the fresh, cold North Atlantic waters off the Scandinavian coastline— one of the purest habitats on earth. Being exposed to these extreme environmental conditions and processed in a unique, specially developed process, it naturally develops and achieve the highest quality and maximum effect, making it safe and healthy for your pet.

ProDen

PlaqueOff®

A loving breath throughout life

To share a wet kiss with your pet is a happy moment! ProDen PlaqueOff® is a natural dental product for dogs and cats that keeps the breath fresh and teeth clean - from puppy or kitten to senior - in a safe and easy way.

- ✓ Reducing plaque
- ✓ Preventing tartar
- ✓ Treating bad breath

Natural

100% organic and natural algae ingredient
A.N ProDen™ with no additives

Efficient

Works with the pet's body dissolving existing tartar and prevents new build up

Clinically proven

Proven positive effect verified by several clinical studies

Easy & Flexible use

Eat, play, reward or just relax! ProDen PlaqueOff® can be used in different forms to suit your and your pet's lifestyle. Simply sprinkle the powder on food, give a treat after playing, or reward your pet with a bone to relax with.

PlaqueOff®

Powder & Wipes

Your natural and daily routine

ProDen PlaqueOff® Powder is your 100% natural and easy solution to pet oral problems - just sprinkle the powder once a day on dry or wet food to reduce problems and pain in the future, as well as treating bad breath today. All ProDen PlaqueOff® Powder products are approved by the VOHC.
