

SWEDENCARE

Chlorhexidine Gluconate 2% and Ketoconazole 1%

Keto-C™ Shampoo

Inactive Ingredients:

Water, Lauramine Oxide, Polyacrylate-1 Crosspolymer, Cocamidopropyl Betaine, Decyl Glucoside, Glycolic Acid, Fragrance, Tetrasodium EDTA, Methylchloroisothiazolinone, Methylisothiazolinone.

Precautions:

Avoid contact with eyes or mucous membranes. If eye contact occurs, rinse thoroughly with water and consult a veterinarian. Not for otic use. Wash hands after using.

Cautions:

If undue skin irritation develops or increases, discontinue use and consult a veterinarian.

Storage:

Store at controlled room temperature.

Directions for use:

Shake well before use. Wet the hair coat with warm water and apply a sufficient amount of shampoo to create a rich lather.

Massage shampoo into wet hair coat, lather freely. Rinse and repeat. Allow to remain on hair for 5 to 10 minutes, then rinse thoroughly with clean water.

May be used initially 2 to 3 times a week for 4 weeks, then reducing to once a week.

Available in :

8oz
16oz

SWEDERMA™

Therapeutic Grooming Line

Keto-C Shampoo is a medicated, antiseptic cleanser for dogs and cats. It contains ketoconazole and chlorhexidine, an antifungal and antibacterial which effectively control bacteria and fungi. This shampoo is designed for animals with certain skin conditions or infections. Keto-C Shampoo deeply cleans, deodorizes, and has a cucumber melon scent.

Active Ingredients:

Chlorhexidine Gluconate 2% and Ketoconazole 1%.

Storage:

Store at room temperature. Protect from freezing.

SWEDERMA[™]

Therapeutic Grooming Line

Keto-C Wipes provide a convenient solution for antiseptic skin cleansing. Each wipe contains ketoconazole and chlorhexidine to control bacteria and fungi on the skin. Designed to help manage certain type of skin conditions, Keto-C wipes are ideal for targeting the affected areas. Use for difficult or hard to reach areas including facial and skin folds, paw pads, groin, and underarms.

Directions for use:

Thoroughly wipe affected area with a pad 1 to 3 times per day. Do not allow the animal to lick the treated areas until dry to prevent ingestion. Wipes should be used for one application only; do not reuse. Avoid use on open wounds, cuts, or raw areas (use Keto-C[™] Flush instead)

Active Ingredients Per Wipe:

Chlorhexidine 2%, Ketoconazole 1%

Recommended for:

Keto-C[®] Wipes contain an antiseptic (antibacterial and antifungal) solution for the topical management of skin conditions that are responsive to chlorhexidine and ketoconazole. Keto-C[®] Wipes can be used for the antiseptic cleansing of face folds, finger folds, as well as underarm and groin areas.
